# UZAIR **ANWAR**

Address : Lahore  Pakistan
Phone :+923366312299
**Email : uzairanwar2299@gmail.com**
**LinkedIn Profile : Uzair Anwar**

Passionate Java Developer with experience in Spring Boot, Hibernate, and Java Core. Looking for a role to build efficient, secure, and scalable backend systems while growing my skills in a collaborative environment.

## EXPERIENCE

**11/21 - PRESENT**

### **SOFTWARE ENGINEER,** EXPERTFLOW - SOFTWARE FOR CUSTOMER CARE

As a Java Spring Boot Developer at Expertflow, Design and develop scalable backend services using Java Spring Boot, ensuring seamless system integration and high-performance application behavior. I also utilize JavaScript technologies for backend development and integration tasks across various projects.
In addition to building robust APIs and service layers, I’ve contributed to projects involving **Computer Telephony Integration (CTI)**, enabling real-time communication between telephony systems and customer-facing applications. My work in CTI has helped enhance contact center capabilities such as screen pops, call routing, and agent desktop integration — improving customer service efficiency and operational workflows.

**04/20 – 06/21**

### **SOFTWARE ENGINEER,** XEVEN SOLUTIONS (PVT) LTD.

Developed and maintained web applications using **ASP.NET Core** and **C#**. Collaborated with cross-functional teams to deliver scalable solutions, implement RESTful APIs, and optimize system performance.

**08/20–04/21**

### **JUNIOR SOFTWARE ENGINEER,** MDVISION PAKISTAN

Worked on MDVision EMR (Electronic Medical Records) system using **ASP.NET Web Forms**, contributing to patient data management, appointment scheduling, and system enhancements.

**06/20–08/20**

### **INTERNSHIP,** DYNOVATIVE SOLUTION PVT LTD

During my internship at **Dynovative Solution Pvt. Ltd**, I gained hands-on experience in software development using **C# and .NET technologies**. I worked on building and maintaining backend services, developing web applications, and performing debugging and code optimization tasks.

# PROJECTS

### WEBEX CC INTEGRATION WITH ZOHO CRM

**TECHNOLOGY: WEBEX CC, ZOHO CRM, API INTEGRATION, JAVASCRIPT**

I successfully integrated **Webex Contact Center** with **Zoho CRM**, enabling real-time communication and seamless customer data synchronization between the platforms. I was responsible for ensuring the stability and performance of the integration through testing and troubleshooting, contributing to a reliable and efficient solution tailored for business communication needs.

### EXPERTFLOW CC INTEGRATION WITH FNB (FIRST NATIONAL BANK SA) FRAMEWORK

**TECHNOLOGY: SPRING BOOT, JAVA, EXPERTFLOW CHAT, FNB FRAMEWORK (OCEP)**

Worked for 2 years on integrating **Expertflow's Contact Centre solution** with the **FNB framework OCEP**, handling end-to-end development, customer coordination, and integration testing. Delivered seamless communication and data exchange by building scalable backend services with Spring Boot. Collaborated closely with the client to meet requirements and resolve technical challenges, ensuring smooth deployment and high-quality integration.

### UFONE CUSTOMER TICKETING SYSTEM

**TECHNOLOGY: ANGULAR**

Worked as a Frontend Developer on Ufone's customer ticketing system using Angular. Built responsive UI components, integrated RESTful APIs for real-time customer data, and implemented features to log interactions and assist agents with query handling. Focused on performance and cross-browser compatibility.

### EXPERTFLOW USD CTI CONNECTOR

**TECHNOLOGY: (.NET/WPF), CIF, ACTIVEMQ, CISCO FINESSE, MICROSOFT UNIFIED SERVICE DESK**

Developed and supported an enterprise-grade middleware solution integrating Cisco Contact Center platforms (UCCX, UCCE) with Microsoft Dynamics Unified Service Desk (USD). Enabled seamless telephony operations within the Dynamics CRM interface, improving agent workflows and customer service efficiency.

### DYNAMICS 365 & GENESYS PURE CLOUD INTEGRATION – R&D PROJECT

Conducted R&D to develop a seamless integration solution between **Genesys PureCloud and Microsoft Dynamics 365** using the **Genesys embeddable framework**, enabling unified communication and improved workflow efficiency for agents.

### MDVISION ALL-IN-ONE PM EMR

**TECHNOLOGY: ASP.NET WEBFORMS, C#, SQL SERVER**

Team member responsible for maintenance and new feature development on the MDVision All-in-One PM EMR — a healthcare solution integrating Electronic Medical Records (EMR) and Practice Management (PM).

### AUTO SOLUTION (FYP)

**TECH STACK: ASP.NET CORE · SQL SERVER · HTML/CSS · JAVASCRIPT · BOOTSTRAP**

Developed a full-stack web application inspired by PakWheels for buying, selling, and searching vehicles and auto parts. Implemented key features including vehicle and parts listings, advanced filtering, user dashboards, image uploads, and role-based authentication. Delivered a responsive, user-friendly platform with admin and user access controls.

## EDUCATION

**2016 - 2020**
**BACHELOR OF SCIENCE (HONS), COMPUTER SCIENCE,** NCBA&E, LAHORE
CGPA:3.7/4.0

**2012 - 2014**
**F.SC PRE-ENGINEERING,** BISE, BAHAWALPUR
RESULT: 67%

**2012**
**SSC IN SCIENCE,** BISE, BAHAWALPUR
RESULT: 83%

## SKILLS

- **Languages:** Java, C#
- **Messaging & Integration**: ActiveMQ,
- **Tools & IDEs**: IntelliJ IDEA, Visual Studio, VS Code, Postman, MobaXterm
- **Deployments Frameworks**: Docker, Kubernetes
- **Frameworks**: Spring Boot, Asp.net Core, Asp.net MVC, WPF(Windows Presentation Foundation),Angular
- **Databases:** SQL Server, Redis

## ACHIVEMENTS

- Merit Scholarship at NCBA&E
